

BILLY NYE

Visual Artist

I am a Melbourne-based artist, documenting Australian suburbia through my primary mediums of choice, painting, printmaking, and digital art. Every print is months of carving into a plate, printing and carving some more, creating a labor of love through detail. My paintings in either oil or acrylic are bright, bold, and colorful. All my works are explorations of my immediate surroundings, which is the Australian Suburbia, with a primary focus on the Australian backyard. Painting series titled: 'The Disappearance of the Australian Backyard', 'Backyard Swimming Pools', 'Subtracted Suburbia' and the iconic 'Olivers Hill'. Influences in my art practice are Howard Arkley, Jeffrey Smart, David Hockney and Reg Mombassa.

BACKGROUND

I began my creative career as a photographer working in London. After being accepted into the London University of Fine Art Photography, I instead went to New York and married. Whilst living in New York I joined the Hampton's Photography Group, New York, and began a photography business. In 2001 I moved back to Australia and in 2009 graduated with a Diploma of Visual Arts and completed a Workplace Training and Assessment Cert IV in 2010. In 2017 I graduated with a Bachelor of Arts (Fine Art and Visual Culture). I have a printmaking studio in my home on the Peninsula where I spend a great deal of my time. Exhibiting my work throughout the Mornington Peninsula and Melbourne, Australia.
